The Brandon Daily Mail.

THURSDAY, JANUARY 11, 1883.

MR. DAVID GLASS.

The address of this aspirant for the suffrage of the electors of Minnedosa at the forthcoming election occupies a considerable portion of our recent local contemporary, the Evening Emotic. In a previous communication the address of this candidate soars above the matter of fact common place expressions and flatters in an ethereal atmosphere of his own creation and is always entitled to some attention even if there is no approval vouchsafed. Mr. David Glass, to the world at large, and to the electors of Minnedosa in particular, poses as a kind of political Redeemer in whose political faith the electors are especially invited to place every particle of confidence. They are asked by this dover into a fundamental principles of natural justice to believe and rely upon the belief that "Frods beyond call" could be added to establish the right of the Local Government to the ownership and control of the public lands within the boundaries of Manitoba, and "never will Justice be done to the farmers of this country until their influence can be brought directly to bear upon this great absorbing local question, and until the members of the local legislature can be held strictly to account to them for the mode of administering the public domain." The electors of Minnedosa must understand, that it is no ordinary mind that addresses itself to their comprehension. When the advocates of the "fundamental principles of natural justice" speak it must be recalled that it is not a Sifton, or even a Greenway, that is to be contemplated. It is an aspirant for the leadership of the "Great Constitutional Wing" of the No. 10 Allowance Blarney, who, in addition to the suffix of Q. C., can also add with inalienable privilege the further letters R. A. T., letters if joined in their prime significance will be found not unworthy of the "Great David." The ordinary and usually accepted method of reasoning from premises which should first be established is totally ignored by Mr. Glass, and he proceeds according to an invention of his own, to manufacture a good number of imaginary cases from an equal number of imaginary being holes. As an achievement of the inventive powers of Mr. Glass bound imagination has reasoning beyond all doubt is sublimine—it is more, it is translucent celestial, and it could not have been evolved from the mental strain of any other candidate than the polished Mr. Glass. There may be something in a name when that name has such a smooth resonance as that which the gentleman to whom we are referring claims as his ownership within his especial jurisdiction. But the transgressor of Mr. Glass is what price has he paid. Who is going to like the actions of a turkify, for instance, there would be some possibility of the electors seeing the light as far as Mr. Glass, but beyond that it would be dark and uncertain, and Mr. Glass would not even be a reflector in that case. The light would be absorbed, and the electors would be left in the dark. This is precisely what Mr. Glass is aiming at when he declares that "profs beyond all doubt can be added to establish the right of the Local Government to the ownership and control of the public lands within the boundaries of Manitoba." Had Mr. Glass been content to declare what the Province *would* have he would at least have been entitled to the credit of not attempting to deceive the electors, whose suffrages he is endeavoring to obtain. No one knows better than Mr. Glass that the XXX clause of the Manitoba Act, the Organsome Act, is in direct and emphatic contradiction to the assumption that Mr. Glass audaciously makes to the intelligent electors of Minnedosa.

The clause referred to declares that, "All ungranted or waste land of the Province shall be from and after the date of the said transfer vested in the Crown and administered by the Government of Canada for the purposes of the Dominion, subject to and except and so far as the same may be affected by the conditions of the stipulations contained in the agreement for the surrender of Rupert's Land by the Hudson's Bay Company to Her Majesty."

Mr. Glass by the veriest special pleading in the face of this plainest-piestication language to declare in the face of the above that proofs to the contrary exist. Mr. Glass should remember that he is not persecuting a spook thief or a weak unit. He is before the intelligent electors of Minnedosa seeking their suffrages, asking these electors to send him to the counsels of the country, and he has the consummate audacity to tell the electors a

NOTICE.

The Central Committee will meet every Wednesday and Saturday evening at 8 o'clock, to make the necessary arrangements for the coming election.

A. C. WELLS, Secy.

CORRESPONDENCE.

The columns of the *Mail* are open for the discussion of all subjects, and all appropriate subjects is solicited, and will receive due attention. Communications in the form of letters on subjects of public interest, the *Mail* will not necessarily always publish them, but the names of its correspondents will be given.

TRUTH EXPOSES FALSEHOOD

A NICE JOURNAL

The Leader of the Mail

In the *Leader* of the *Mail* of January 4th appears the following paragraph: "It has been a subject of remark that Souris City has not been appointed a polling place. The County Commissioners, in examining the claims, have taken action in this matter, and are petitioning the Government to rectify the mistake." The above was recently manufactured out of whole cloth, for so inquiry I find that the subject was never mentioned in Council. The editor of that paper having exhausted all his smarts at the time, is driven to the last resort—publishing deliberate falsehoods.

The camp occupied by Mr. Latouche Tupper's men employed in telegraph construction work on Elm Bay, on the C.P.R., has been destroyed by fire, and all the supplies, and clothing of the men, were destroyed. Mr. Tupper left Winnipeg on Tuesday morning last with fresh supplies and clothing.

Rat Portage, if all that is said about the place by those just returning from it be true, is a hard place. Tuesday morning a gentleman just returned from there said that last Sunday night there were thirteen fights in the village, and seven watches were stolen in one week. Liquor at 25 cents a glass is consumed in large quantities, being openly sold, notwithstanding there are no licenses in the place. It is denied that Mrs. McKeown's boarding house is the hard place that has been made out.

Bethel, Jan. 6, 1882. TRUTH.

INTER-PROVINCIAL.

Clipped from Exchanges.

The Standard says that Mr. J. F. Boyd has secured an appointment as assistant in the Little Saskatchewan land office at Odanah. The Dominion lands agent is to be congratulated on having secured so efficient an assistant.

Capt. Nash has been nominated for the Mayoralty of Emerson has a requisition signed by eight of the most prominent business men of the gateway city.

A well-attended meeting for the organization of a lodge of Knights of Pythias was held last evening in the Foresters' Hall, Harris Park. Several old members of the Order were present, and the meeting was unanimously in favor of at once applying for a charter. As there is no organization of the kind in Manitoba it is necessary to apply directly to the Supreme Grand Lodge of the world, and whose jurisdiction the Order here will occupy each time as there are a sufficient number of lodges to form a grand lodge for this Province. The requisition for a charter contains along twenty-five signatures, each accompanied by the necessary deposit, so that there is no doubt of its immediate organization in this city.

Mr. Frank McGinley, sub collector, has sent a return of duties collected at the Port of Brandon, for seven months ending Dec. 5th, also of the duty of free goods during the same period of time. The statistics are as follows: Total value of goods entered \$20,364. Total duty received, \$113,139.78. Total value of American free goods, \$204,393.

The distance from the Mount to Manitobah, by the new trail which crosses the Pembina in 3½, is about 20 miles, and several of the farmers in this district have commenced bringing grain to the end of the track. Wheat 50¢, oats, 35¢.

A telegram has been received from Mr. W. D. Smith one of the managing directors of the Canada Northwest Land Company, from Montreal, that the company has secured from the Canadian Pacific Railway Co., as part of their purchase, all the lands belonging to the railway company in Southern Manitoba, estimated at two and a half million acres.

The Sunday Pioneer Press says: The party of Winnipeg officials yesterday proceeded to investigate the sewerage system of St. Paul under the direction of Assistant Engineer Shattock, who led them into the sewers for a long distance. The party were delighted with the system but disgusted with the sand rock which covered their ankles at the wet shaft.

Surveys are still being made.

Mr. M. W. Meagher, of the Kewatin Company, and Captain Allan will be out shortly with the pay roll of that company.

Some specimens were brought in last week from the Winnipeg Consolidated and the Angle mines which are considered "great."

Mr. Meagher, of the Winnipeg Mining House, arrived in from the Kewatin mine last Thursday, and left for Winnipeg yesterday. He has secured a number of locations to place on the market.

If hard work and strict reports will push a company ahead then the Winnipeg Consolidated should lead the van. Mr. J. G. Brown, the Superintendent, is a first class man and a good worker.

The Lake of Woods Company, with a capital of \$2,000,000, will commence work at once on their property, the Bulldog location.

The International Mining Company is a long time in getting to work. We would like to see them in the field, as the gentlemen representing the company are solid, reliable men.

The Bourse to-day reports a sale of \$9,150 Winnipeg Consolidated stock upon a heavy option. Kewatin \$100 fully paid up shares.

The members of the directorate of the Winnipeg Consolidated now in Ottawa report all the preliminaries of the charter satisfactory the deposit of \$60,000 being up.

The Bourse to-day has received from a member of the firm now at the mines, two sacks of ore taken from the Kewatin mine.

They are rich enough to dazzle the eyes of old miners, and all who take an interest in the mines should call at Dundee Block, and see the specimens. A sack full of ore from the Winnipeg Consolidated and Bull-dog veins, the latter operated by the Lake of Woods Mining Company, is on the way.

The band boys are hanging in "teeth and nail" to do the grand on the carnival night.

Quigley Bros. have opened up an immense stock of groceries, provisions, etc., in the Richard block.

"Swenska Folkets Tidning," the Swedish Printing Co., at Minnepegan, got burned out last week. The loss was \$2,000.

A wire railing has been fitted on the counter of the Imperial Bank. It has three wickets, the tellers booth being entirely fenced in.

Mr. Russell Woods has left his position as night clerk in the Grand Central, and is now a dry goods salesman in Mr. Carson's store.

The tank on 4th street is attaining completion. The men have also begun to clear the rubbish out of the 4th street car preparation to setting the woodwork.

Electors will remember that immediately there is no voters' list for the city, the young in Brandon will be under the old Act.

Mr. J. R. Miller, who went to Rapid City on Tuesday on a business trip, returned yesterday. He reports business matters very active, and the political pot at the rapids very thickly boiling.

The snow drift on Tuesday did not in the least delay the regular trains on the eastern division coming west. The run from Moosejaw to Elkhorn a distance of 12 miles was made at 24 miles an hour and no delays.

E. Murray, billing clerk at the C. P. R. freight office, has been removed from his position on account of the number on the staff of officials being cut down. He is shortly to be appointed to an agency out west.

John A. Smart has opened up a fancy bakery and confectionery on Rossor avenue, and judging from his experience as a manufacturing confectioner in Chatham, Ont., we have no doubt this will be a welcome acquisition to our industries.

The improvements to the C. P. R. offices are begun, and in the midst of hammering, sawing, pulling down partitions, etc., the officials are nearly driven deaf. However they expect to get ready shortly, as they are about to enter their new offices.

The Board of City School Trustees having raised objections to the returning officer holding the nomination of candidates for the coming election in the school house on the 16th inst., the returning officer, Mr. McDonald, announces that the nominations will take place in the city hall on Tuesday next, the 16th inst., between the hours of noon and one o'clock of that day.

A congregational meeting was held in the vestry of St. Matthew's church last evening, for the consideration of advising means to discharge the present debt of the church, when it was decided to raise money by way of loan for that purpose. It is the intention of the congregation to have an extra stove placed in the building before next Sabbath, for which Messrs. Matheson & Whitehead have kindly agreed to furnish fuel.

Mr. George H. Noble has been awarded the contract for the enlargement of the Methodist Church. Work is to begin immediately. The improvements will consist of a wing 40x35 ft. in area on the east side of the building. Two doors will be built, one at the southwest and the other at the north corner. The pulpit will be in the west end and fronting the additional wing, with the seats for the choir in front. Mr. Noble intends finishing the work so as to have it completed with the least possible delay.

The annual meetings of the city held a meeting the other evening in Messrs. Cannon & Larkin's office when the following resolution was passed: That the Land Tax Act of Brandon be considered the time given under the 1st Act of Manitoba for placing a lien on a building for unpaid furnished or work done, too short, and that the Legislature of this Province, acting by Act of Parliament, the time for so doing and giving preference to said law to mortgage or transfer title.

As an instance of the penitentiary of the Grand Trunk officials and how apt people are to place blame where it should not, we give the following. One of the leading bakers of this city had some time ago, consigned to Mr. Landon, a truck containing some valables, in the shape of Christmas cakes, New Year presents, &c., which he had never received, and which he concluded was irretrievably lost. He was about closing an action for damages with the C. P. R. Freight at here, when Mr. Peters received a note from an agent, on said line, stating that a boy, named so and so of Brandon, was lying in his office. The boy arrived yesterday, after living for two months not over forty miles from starting point. Mr. —— was well pleased to receive the boy all safe and sound, but Mr. Peters thinks he might have said less about it.

Our reporter was shown over the elevator built by our enterprising citizen, Mr. Bowmer, situated on the slope of the hill north of Pacific Avenue, near the new C. P. R. depot. This huge structure about 125 feet high, is built on the Sully principle. Leading to top of the avenue are the wood walk roads. There the farmers unload their grain which is received into a wooden bin, weighed and weighed, by means of a slide, into one or other of three receiving bins, having a capacity of about 4000 bushels. From these wheat is taken by the elevator into the storage bins,

eight in number, each containing a capacity of 3000. In the upper story is what is called the hopper, under which, fastened by means of a pivot, is placed a revolving elbow which discharges the grain through a spout, into nine small receptacles and out of these into the cars. About 500 bushels of grain, mostly Flax wheat, have been taken in today. The engine was manufactured by Waterhouse & Co., Brantford, Ont., which has been shipped over a month, but has not yet arrived. However, when it does come, Mr. Bowmer assures us that no time will be lost in getting the machinery in working order, and ready for elevating purposes, which will take about ten days after its arrival.

The meeting held at Mr. Lockhart's last evening, by the members of the Presbyterian Church, was well attended, and resulted in the formation of a Society for mutual improvement, to meet fortnightly in the church, on Friday evenings. Committees were appointed to draft constitutions and by-laws, and to prepare a programme for the first meeting to be held on Friday evening of next week. The prospects of success are very encouraging to the promoters of the scheme.

This being the week of prayer, a union meeting will be held in the Presbyterian church this evening, when the clergymen of different denominations will conduct services.

A grand social assembly and dance took place at the Edie House, Pacific avenue, last evening, given by the proprietors for the benefit of his many friends and patrons. A large party of ladies and gentlemen were present on the occasion, and mirth and music were provided. The popular manager, Mr. Edie, must be congratulated on the immense success attending his efforts to contribute to the wants of all his guests. Dancing was kept up to the delight of the trippers of the night fantastic. The orchestra, comprising Mr. John Mitchell, whose "stratagems" set the house roaring with national enthusiasm, and Maugham Bros. Mr. Goodwin, the courteous bartender of the institution, supplied the wants of the inner man in the shape of stimulants, &c. We trust that many such pastimes may be spent to while away the long winter evenings in this "great lone land."

The preparation for the firmers' concert is to take place at the immigrant Reception Rooms next Thursday evening are progressing finely. We hope to see a pretty good turn out of our citizens old, young and middle aged.

John A. Smart has opened up a fancy bakery and confectionery on Rossor avenue, and judging from his experience as a manufacturing confectioner in Chatham, Ont., we have no doubt this will be a welcome acquisition to our industries.

The improvements to the C. P. R. offices are begun, and in the midst of hammering, sawing, pulling down partitions, etc., the officials are nearly driven deaf. However they expect to get ready shortly, as they are about to enter their new offices.

The tank on 4th street is attaining completion. The men have also begun to clear the rubbish out of the 4th street car preparation to setting the woodwork.

Electors will remember that immediately there is no voters' list for the city, the young in Brandon will be under the old Act.
